

Joyful Prayer (1)

Father, I desire to be more Loving and joyful. I know that when I reflect Love and joy, then it will be mirrored back to me. Father, help me to be less of what I shouldn't be and more of what I should be. I AM ready to fully embrace Love with a grateful heart. I desire to live my Life joyfully rather than fearfully. Father, I AM your child. Help me to live every moment of my Life with gratitude, child-like curiosity and kindness. I also desire to call into my Life relationships that also reflect these same qualities.

I ask this through Jesus Christ's Most Precious and Sacred Name, AMEN!!!
